

# **EXTREME** **BODY ARMOR**

*Extreme Body Armor is a sister company of Extreme International LLC. Extreme international LLC which is also a steel fabrication company has been establish since 2009. The company is based in the heart of Barka industrial area and was founded by the partners who have over 2 decades of experience in the fabrication field. They have also successfully completed a number of very unique and high profile jobs in the country.*

*It comes as no surprise that the directors of Extreme Body Armor love off roading and taking long drives along the coastline. After owning a couple of jeeps and surveying the market in oman, We have decided to offer a different kind of product to the off road enthusiasts.*

*We would like to call over looked a one stop shop... accessorizing and fixing all to be done in house.*

*Our objective here is not to be competitive but to offer our elite clients with:-*

- Customized accessories of your choice*
- High end performance*
- Functionality and Durability*

*We will discuss your requirement plus advice you in any way possible to customize your vehicle according to your needs.*
